

Everyone will start on “Set 1” and move up as you show mastery of the facts. You will take a fluency quiz during the school day to prove your mastery. Once you pass the quiz, you will be allowed to move onto the next set of math facts. Every night you should practice your math facts, but no longer than ten minutes. As you practice at home, if you can say the answer in less than 5 seconds, put it in your “got it” baggie, and focus on the ones that are more difficult for you. On the weekends, practice all of your facts to make sure you don’t forget any. You should fill out the math log. Your parent/guardian should sign his/her initials in each IF you completed the assignment. Ms. Sprouse will check the log each Friday for completion.

| Set 1 0s and doubles | Set 2 1s and 2s | Set 3 5s and 10s | Set 4 3s | Set 5 9s | Set 6 4s | Set 7 8s | Set 8 6s | Set 9 7s |
|----------------------------|----------------------------|--|-------------|---|-------------|-------------|-------------------|-------------|
| Date | Set you are working on. | Time it took to work through the cards Minute : Seconds | | Fact that were Tough For me (took me more than 6 seconds to answer correctly) | | | Parents' Initials | |
| 08-23 | Set 1 | 1:58 | | $\begin{array}{r} 9 \quad 18 \\ +9 \quad -9 \end{array}$ | | | <i>John Doe</i> | |
